

These are the second half of the common words we have learned in class throughout P1 and P2. I would like the children to be more confident when reading them and when using them in their writing. I will not be ticking them off weekly in class like I did before but I will be reviewing them regularly. Please focus on a couple of lines at a time, but don't panic if there are words your child is struggling with – we are working on them in class too!
