Maths Week

Last week we participated in Maths Week Scotland. The theme this year was 'Maths Matters'. We had a focus on problem solving, decision making and innovation.

Children engaged in lots of different learning activities within their own classes and the House captains led house challenges across the school as well.

Around the World in 9 Classes

Many families took our tour around the world yesterday. We hoped you enjoyed finding out about the places our children have been learning about.

P7 Residential Assembly

The P7s led assembly today, telling us about their fantastic experience at their residential at the beginning of September.

We will be sending out information about next year's residential to P6 families next week.
